Description

2026 Freighter ST3 Drop Deck with Hydraulic Ramps – Built to Order The Freighter ST3 Drop Deck is a proven Australian built platform engineered for operators who want structural strength, consistent build quality and proper long term support. Freighter has been building trailers in Australia since 1946 and continues to invest in advanced manufacturing including precision laser cutting, robotic welding, jig-built chassis assembly and modern paint systems. The result is a trailer that stands up to real Australian work and holds its value over time. This ST3 is built to order and can be configured to suit machinery, general freight and container work. Typical ST3 specification can include: ▪ 13,520mm overall length ▪ Hydraulic rear ramps 800 wide x 2600 long, 10T axle load, with electric power pack and charger ▪ Clip-on aluminium ramps at drop with storage ▪ Forklift rated chequer plate floor with additional floor supports ▪ Twistlocks and pedestals with bolsters to suit 20 and 40 foot containers ▪ 10mm skidplate with 50mm bolt-in kingpin ▪ Rear tow bracket with air and electrics run to rear, coupling optional ▪ 2-speed landing legs with galvanised compensating foot ▪ Load racks front and rear ▪ Full length winch track roadside with winches available to suit ▪ Tyre carrier and water tank options ▪ Hella LED lighting package including rear lamps, markers and beacons ▪ Hendrickson HT airbag suspension ▪ 10/285 parallel bearing drum brake axles ▪ EBS braking system ▪ Right Weigh load gauge option ▪ Alloy wheels and 275/70R22.5 tyres Freighter products are backed by a national dealership network for parts and service support across Australia. Built to order. Final specification and pricing subject to configuration at time of order. Talk to us about what you're hauling and how you want it set up, and we'll spec it properly. 2026 Freighter ST3 Drop Deck with Hydraulic Ramps Built to Order The Freighter ST3 Drop Deck is a proven Australian built platform engineered for operators who want structural strength, consistent build quality and proper long term support.
