Description

2026 Variant 716 F3 Tip 750 kg Combi Trailer

Box trailer. Machine ramp. Two trailers in one.

Raise the sides for an enclosed box — tools, gear, landscaping supplies. Drop the integrated ramp and roll on a ride-on mower, quad bike, ATV, or motorbike. Up to 493 kg payload in a compact footprint that tows behind most mid-size vehicles, SUVs, or utes.

Mechanical overrun brakes — self-regulating, no electric brake controller required.

Hot-dip galvanised steel chassis.

The protection is built into every seam and weld — not painted over the surface after the fact. Built to last near the coast, on the farm, or on the job site without maintenance headaches.

Danish-engineered. RVSA 2023 compliant. Ready to register.
