## Description

Mobile Office trailer or portable workshop. The office cabin is a simple solution when you need a workspace or dining area away from the office. It comes in standard sizes from 4 to 10 people (6 to 12 without a toilet). The cabin has a fixed table, radiator and fridge. The window has a top-hung shutter, which acts as a sunscreen. Design The cabin has a simple and stylish design, giving the user a feeling of space and comfort. The cabin uses LED strips for a comfortable white and energy-efficient light. The excellent insulation, heat source and ventilation make the cabin comfortable in both summer and winter. The mobile office is one of our most popular models and you can find it on building sites all over Scandinavia. It comes with one of our 4 toilet types as standard. You can upgrade the cabin with e.g. a mini kitchen, work tool room and additional shelves, as well as tanks and solar cells. Read more under options. Easy to use and clean The cabin connects to a standard tow bar and can be set up and ready in minutes. This allows you to move the cabin from one place to another, quickly and efficiently and without any hassle. The cabin is made from cleaning-friendly and durable materials, saving you time on cleaning and maintenance. With clear white walls, this is the most cost effective marketing board you will find, so label all your company information and branding across the sides. Dimensions and weight External: 3200 x 2280 x 2900 mm Internal: 3096 x 2176 x 2100 mm Tare weight: 850 kg Total weight: 2000 kg Capacity: 4 people / 6 people (no toilet) Facilities Toilet with waste disposal, hand basin, mirror Fridge, coffee machine, notice board Fixed table 1200 x 690 mm, 4 chairs Windows: 1 1245 x 825 mm with shutter Double glazed. 2 towel holders, 4 coat hooks Attachable steps, free standing steps 2 radiators Plumbing & electrics 230 V - 16 A CEE inlet 15 L water heater LED light strip Electrical circuit panel
