## Description

Scanvogn Model Name 4 Person Pioneer Unit with Alde gas central heating, toilet & grinder. Model Number 1800050/1850051 Internal Dimensions 5596 x 2176 x 2100 mm External Dimensions 5700 x 2280 x 2900 mm Own Weight 1600 kg Total Weight 2000 kg Capacity 4 people Features toilet, shower cabinet, hand basin. (Can upgrade to Jets vacuum toilet). Gas fridge, gas burner, space for 2 gas flasks Compact gas furnace, gas central heating Fixed table 1200 x 690 mm, 4 chairs 8 steel cupboards, 4 coat hooks Windows: 1 1245 x 825 mm, 510 x 410 mm Technical compartment, free standing steps Solar cells, battery, charger 160 L Water tank & drainage tank LED light strip Electrical circuit panel, tank level indicator Pioneer Cabin 570 A fully self sufficient office or lunchroom for staff The 4 person pioneer cabin is equipped with solar cells and gas, and a water and drainage tank. The cabin contains gas central heating and a gas fridge and works with both gas and electricity, so you can save on gas if connection to external power is available. You can also install a generator if you need more power than the sun can provide. You can upgrade the cabin with mini kitchen, utility room and extra shelves. All Scnavogn cabins are customisable so if the standard solution isn't quite what you need, you can make your portable bathroom exactly the way you want it. There is a range of additional options that can be included. These units have been specially designed for the construction industry to meet specific needs and requirements. The 570 is the only standard sized pioneer unit offered in Australia as larger cabins won't fit in a shipping container. It is similar to the 570 office, staff & environmental cabins. In addition to the standard office cabins, the staff cabin comes with lockers for storage, and a shower. **TOILET TYPE** This model comes equipped with our standard flushing toilet waste disposal. For people who have a connection to external water and drainage on site, then this is the toilet solution for you. The toilet works like a normal toilet in the home (but with disposal for extra reliability) and therefore feels natural and comfortable. We supply the toilet in an upright or wall-mounted version, and with or without visible pipes. If the pipes are hidden, the cabin is built with a technical compartment, for easy servicing of the toilet. You can choose to change the toilet type to any of our 4 toilet types including Vacuum and combustion. Or you can choose to have your portable office without a toilet for additional space. With toilet & grinder: \$34, 897 With Vacuum Toilet: \$56,303 **EASY TO USE AND CLEAN** The trailer is connected to a standard towbar and can be set up and ready in a few minutes. This makes it possible to move the unit from place to place quickly and efficiently without any hassle. The cabin is made of clean and durable materials, saving time for cleaning and maintenance. Check out more information on the manufacturers website.
