Description

Forestry mulcher and stone crusher with mulching diameter and maximum working depth of 15 cm/6, for tractors between 120 and 160 HP. This unique machine combines the functionality and efficiency of a forestry mulcher with that of a stone crusher. It is designed and built to meet the needs of professional contractors grinding trees and crushing rock up to 15 cm/6 in diameter with a single machine. The gearbox multiplier system makes it possible to run the rotor at two different speeds: 540rpm for crushing, and 100rpm for grinding. The wide range of options makes this machine extremely versatile for work in multiple applications. The standard equipment includes: -PTO shaft with cam clutch -gearbox with freewheel -trasmission with belts in Poly-Chain Carbon -hydraulic hood -welded steel counter-blades -adjustable Hardox counter-blade -inner anti wear clad plates FCP -enclosed machine body -inside lateral protections -dual row protection chains Available on demand: hydraulic top link, mechanical push frame, hydraulic push frame, dozing blade, grader blade (not compatible with roller), hydraulic controlled roller (not compatible with dozing blade). DWL Machinery is a liquidation and clearance company who sell direct to the public.
