Description

Soil stabilizer-Stone crusher-Asphalt shredder with a max working depth of 28 cm/11, with variable displacement chamber for tractors between 140 and 240 HP. The MTL was developed for customers who own 140 to 240 HP tractors need solutions for soil stabilization, rock slab grinding, stone crushing, and asphalt shredding at a maximum depth of 280mm. Internal frame guards are secured with screws both centrally and on the sides to ensure our machine is both robust and reliable. Our variable geometry system, adjustable grid on rear door, and an adjustable Hardox counter-blade, makes our grinding chamber dynamic in its ability to adapt to your individual needs. The depth gauge has been redesigned to help operators efficiently monitor depth along with an in height adjustable gearbox to make adjustment regardless of the size of your tractor and the operating angle. The standard equipment includes: -Friction clutch on side PTO -PTO shaft with cam clutch -Gearbox with freewheel -Transmission with side gearbox -Hydraulic rear hood -Adjustable hardox counter-blade -Interchangeable inner antiwear plates in Hardox -Anti dust machine body -Variable displacement chamber -Bolted grid on rear hood -Inside lateral protection -Protection chains Available on demand: Hydraulic top link, Water spray system, multiple tooth options, bolt-on chains protection plates DWL Machinery is a liquidation and clearance company who sell direct to the public.
