Description

Soil stabilizer with a max working depth of 40cm/ 20 for tractors between 160 and 400 HP. Extremely versatile high productivity soil stabilizer for professional contractors and larger jobsites. Its compact size and low weight make it ideal for areas with limited access. Simple to operate, it guarantees high productivity and uniform mixing of material in soils with little or no rock, working at depths up to 40 cm/20. It is particularly suitable for clayey soil, thanks to the excellent mixing effect of the tools. Working widths up to 2,5 m/101 enable the model to handle larger jobsites. The dual transmission allows the rotor to work at a constant and consistent speed to reduce wear on components. The standard equipment includes: -Double side gear type transmission -PTO driveshaft with cam clutch -Gearbox with freewheel -Hydraulic rear hood, adjustable counter blade -Self ranging system of the PTO drive shaft/gearbox (only for SSH 200, 225 and 250) Available on demand: hydraulic top link (only for SSH 150 and 175), hydraulic support roller for height adjustment, adjustable road type skids, adjustable dozing blade, reinforced transmission for tractor with 360-400 HP, W style self aligning device between the gearbox and PTO, possibility to have the rotor equipped with tooth type A/3/HD, F/3 and F/3/R44. DWL Machinery is a liquidation and clearance company who sell direct to the public. Most of our plant and machinery comes direct from Government departments, the Australia Defence Force, local councils, fleet & leasing companies, bank & finance matters. We are a bucket and attachment dealer for excavators and skid steers including your favourite brands like FAE, Digga, Norm engineering, Sureweld, Auger Torque and ABS. -Australia wide delivery and International shipping simply send us your location for a quote. Pick up is in Bringelly NSW Australia 2179 or Dandenong South VIC 3175 -Finance is available on all of our equipment -We accept trade-in's, email us photos and details of the machines for valuations. -Accepted payment methods: Internet transfer, cheque, cash, Paypal or credit card. Please note Paypal or credit card payments incur a 2% surcharge. Feel free to contact Jacob from DWL Machinery for any further questions about machinery, finance, trade-ins attachments and delivery.
